The scores needed more attention than normal. Specifically, I had to change 18 of the 41 scores this week, as math seemed to be more challenging than shooting. Some were off by quite a bit.

Having a total of 41 shooters also showed me where our limits are for trap capacity. Next time we have this big a turnout, I will do a better job of target staging. I hope you all will continue to help by signing up in advance. Please pass these scores on to anyone who did not get them, or have them email me for their own copy.

See you next month.

Wanted

I just acquired a replica 1876 Winchester in 50-95. I've got brass, bullets and powder, but what I need are primers. Is there anyone willing to part with, let's say, 100 lafge rifle primers (or whole brick)? I'd prefer Federal, but at this point any brand would work.

Metallic silhouette shooting is a type of target shooting that involves shooting at metal cutouts representing animals. The targets used are chickens, pigs, turkeys and rams, which are cut to different scales and set at certain distances from the shooter.

Our targets are perched on steel stands and you score either a hit or a miss. Either the target is knocked off the stand or it is still there, looking right back at you. One shot, one target, one chance to score the hit. A solid hit in the center of a ram at 100 meters pushes it straight back and off the stand. A good hit on a chicken can send it flying back, spinning several yards through the air.

Small Bore Silhouette shooting is one of the most challenging sports for individual marksmanship. Many great shooting competitions offer challenging shots at long range from a bench or other supported position. All our shooting is done from a standing position swaying in whatever breeze there happens to be. We shoot 10 chickens at 40 meters, 10 pigs at 60 meters, 10 turkeys at 77 meters, and 10 rams at 100 meters. A total of 40 rounds are needed for a match plus sight in rounds.

We shoot with .22 rim fire rifles with scopes or open sights. Any standard velocity or high velocity .22 short, long, or long rifle ammo is permitted but the extra hot rounds such as the STINGER or VIPER rounds and magnums are prohibited.

The Small Bore Silhouette matches are the first Sunday of the month. Setup starts at 8:30am. We will have a sight in/practice period starting after set up and will start the match promptly at 9:00am.

This event is open to any Zia member/guest and all are welcome. Juniors are encouraged to try this fun and challenging shooting sport.

A few suggestions that will make this process go a lot smoother!

- Check or money order please. We are not yet able to accept credit cards. (We are working on it!)
- Yes, you must include a self addressed stamped (one stamp) envelope. That way we can mail your membership card back to you.
- **Your application must be signed by the Primary Member and the Associate.**
- Don't forget your proof of NRA membership. Just write your NRA membership number and expiration date on the renewal form. No need to send in a copy of your NRA membership card.
- Associate Members must submit a test and sign the renewal application.
- Make sure and put the proper postage on your envelope or it will be returned to you. If you send in your renewal in an oversized envelope, if you print out your renewal on a heavier paper, sending in two tests, all those things require additional postage.
- The mailing address for membership renewal is:
