## Member Spotlight Casey Ahner

Casey and wife, Cassidy

### **How long have you been a Zia member?**

I joined Zia in July of 2021

### **What made you want to join a shooting club/Zia?**

I wanted to join Zia because of the support given to my son. He was shooting air rifle through 4-H and had reached a level of proficiency where he was ready to begin shooting smallbore. Zia's Saturday morning smallbore program offered exactly what he needed—a safe, structured environment with experienced coaches and a clear pathway for growth.

Joining the club was a natural next step to support his development and surround him with a community that values safety, discipline, and youth shooters as well being able to give back and ensure this program not only continues but thrives.

### **When did you start shooting?**

I started shooting at a very young age. I still remember shooting a BB gun for the first time when I was in kindergarten, being carefully taught by my dad. When I was 8 years old, I received my first firearm for Christmas—a Marlin Model 60 .22. Those early experiences, grounded in safety and guidance, are what sparked my lifelong connection to shooting.

### **Why do you want to be president of Zia?**

I never set out with the goal of becoming president of Zia. However, when I learned that Pat was not going to run again, I felt a responsibility to step forward. Zia has been built over many years through the hard work and dedication of countless members, and I want to honor and preserve that legacy. At the same time, I believe I can help carefully grow and modernize the club so it continues to serve current members well, attract new shooters, and remain a strong, safe, and vibrant community for years to come.

### **What do you like the most about Zia?**

What I like most about Zia is the community and culture of responsibility. It's a place where safety truly comes first, where experienced shooters are willing to mentor newer ones, and where youth are welcomed and supported as they grow. I appreciate that Zia honors its traditions while still looking for ways to improve, and that members take pride in maintaining the range and helping each other. It feels less like just a facility and more like a community that cares about doing things the right way.

### **Which activities do you participate in at Zia?**

My time at Zia has largely been focused on supporting others rather than just my own shooting. I'm most actively involved with the junior program. I hold several certifications, including CMP/NRA/USA Shooting Level I and Level II Coach, ISSF Level D and Level C Coach, and NRA Range Officer. I also participate in smallbore silhouette matches. There are several other disciplines at Zia I'd like to explore more in the future as time allows.

### **Which of your guns do you like shooting most?**

I'm not sure I really have a single "favorite" gun to shoot, because I enjoy different firearms for different purposes. That said, I do really enjoy shooting my Browning 6.8 Western rifle.

### **What are your thoughts on things the club should do in the future?**

My first priority is that Zia continue to support its mission: Zia Rifle and Pistol Club is a nonprofit organization dedicated to the protection of the Second Amendment, the promotion of safe shooting, and the support of wildlife conservation.

As the club grows, I believe it's equally important to prioritize member retention and the quality of the member experience. Modernization will be an important part of that. Chris has done a fantastic job improving the membership renewal system, and I'd like to build on that by establishing additional systems that increase efficiency and clarity for members.

I believe a structured 5-year plan—aligned to the lease cycle—would serve the club well. Each activity would put in writing its vision for where it wants to be in five years, then set annual short-term goals that move toward that long-term vision, all within the framework of the club's overall 5-year plan. If each activity meets its goals, the club meets its goals. This kind of planning would also be a strong asset in working with the State Land Office because it demonstrates long-term thinking, commitment, and measurable improvement. Given where we are in the current lease cycle, the first plan would be shorter than 5 years, but the structure would be the same. Ultimately, these efforts are about preserving a way of life for the next generation—growing awareness of, proficiency in, and advocacy for the shooting sports while staying true to Zia's core mission.

### **Who do you shoot with most?**

Definitely my son, Cohen

### **If you could get a shooting lesson from anyone, who would it be and why?**

If I could get a shooting lesson from anyone, it would be Lones Wigger. He is, in my opinion, the best shooter of the modern era and certainly one of the most accomplished. His combination of technical skill, mental toughness, and consistency at the highest levels of competition is something I deeply admire. I would love to learn how he approached training, pressure, and longevity in the sport.

### **What's something interesting about you that's completely unrelated to shooting?**

Something interesting about me that's completely unrelated to shooting is that I'm a welder by trade and originally went to college on a rodeo scholarship. After finishing school, I built my career in education, working as a special education teacher, school counselor, assistant principal, principal, and director. I now work as an educational consultant in schools across the country and also serve part-time as the Coordinator of Special Programs at Albuquerque Bilingual Academy.

Happy Fall Y'all. The 2<sup>nd</sup> annual "Top Turkey" match was a great success. We had 31 competitors and exceptional weather. The turkey trophies were donated by Ted McT. Although simple by design, they are most coveted as they prove that the recipient is the "Top Turkey" in their class for the match. Jerry C. and Ally tied with 37 in the Master class. After a 2 shot shoot-off Jerry C. emerged as the winner. Ally is a force to be reckoned with, as she shot a most impressive 33 in the 1/5 size target match. New competitor, Joe B., jumped into the deep end immediately going from being unclassified at this match to a new Master shooter. In the Iron Sight class, Randall E. beat his dad Charles E., and I overheard that Charles had to buy the Big Gulps after the match. A record was set regarding the most "in a row" pins awarded for a match there were 35 pins presented to those that shot 5 or 10 in a row targets. Throughout the match we all enjoyed a potluck lunch and each other's company. It was a Great Day!

The matrix for this class structure is:

Master 34 - 40

AAA 28 - 33

AA 21 - 27

A 15 - 20

B 0 - 14

This class structure has no bearing on any classifications or qualifications outside of this specific match. The purpose is to allow everyone a fair chance at competition and provide a structure for advancement. The way you advance to the next level is to shoot 3 subsequent scores within the higher range(s). New shooters will shoot “unclassified” and once a score is recorded, that will be the class in which they will shoot until higher scores move them “up”.

Small Bore Silhouette shooting is one of the most challenging sports for individual marksmanship. Many great shooting competitions offer challenging shots at long range from a bench or other supported position. All our shooting is done from a standing position swaying in whatever breeze there happens to be. We shoot 10 chickens at 40 yards, 10 pigs at 60 yards, 10 turkeys at 77 yards, and 10 rams at 100 yards. A total of 40 rounds are needed for a match plus sight in rounds. We shoot with .22 rim fire rifles with scopes or open sights. Any standard velocity or high velocity .22 short, long, or long rifle ammo is permitted but the extra hot rounds such as the STINGER or VIPER rounds and magnums are prohibited.

The following is information taken from the NRA Silhouette Rifle Rule book and explains the match time sequencing:

Time is not checked on each shot but is computed on the indicated allowance for each five-shot string. The Range Officer may terminate any relay before completion of the full-time allowance, if all competitors in that relay have completed firing.

Time Allowances:

COMPETITORS NAME	CHICKEN	PIG	TURKEY	RAM	TOTAL
------------------	---------	-----	--------	-----	-------

Ready Time - Fifteen seconds will be allowed after the command **READY** is given before the command **FIRE**.

Two- and one-half minutes will be allowed to fire one shot on each target of a bank of five targets. Targets are shot in sequential order from left to right.

**Alibis** - 30 seconds will be allowed for each unfired round of the series in which the alibi is allowed.

**Shoot-offs** - 30 seconds will be allowed for each shot fired in a shoot off of ties.

A minimum of 30 seconds will be allowed between the commands CEASE FIRE and READY.

**The small-bore rifle silhouette match is held on the first Sunday of each month.**

Setup starts at 8:00am. We will have a sight in/practice period starting after set-up and will start the match promptly at 9:00am.

This event is open to any Zia member/guest, and all are welcome. Juniors are encouraged to try this fun and challenging shooting sport.

**The adjacent bench rest/plinking range to the immediate West of the Small-Bore Rifle Silhouette Range will be closed for the duration of our matches. This will allow us to provide participants with a higher level of safety.**

## Results of the Long Range/Xtended Long Range Bench Rest Rifle Silhouette Match November 9, 2025

Wind was prevailing at 10-11 miles at times. Even so, that didn't stop Guy N. from mustering up a 36-point score! From there on, 27 by Karl K. and 26 by John R., rounded out the top three. Special thanks to all of you guys for setting up and taking down the range, I really appreciate it.

### Results of the Standard Long Range:

COMPETITORS NAME	CHICKEN	PIG	TURKEY	RAM	TOTAL
Guy N.	10	9	9	8	36
Karl K.	8	10	5	4	27
John R.	7	10	5	4	26
Jerry C.	9	8	6	0	23
Freddy M.	10	6	7	0	23
Tom F.	10	5	7	0	22
John L.	9	10	0	1	20
Dennis B.	7	6	3	2	18
Rick E.	7	8	0	1	16
Ryan P.	6	6	3	1	16
Jared B.	6	3	3	1	13
Rafael H.	3	0	3		

### Results of the Xtended Long range:

Due to the wind, half of the field did not participate in the X-tended long-range competition. After a 3-way shoot-off at Turkeys at 290 yards, between Jerry C., Tom F., and Guy N., Tom knocked down his turkey. After closer inspection of the scores recorded on the score sheet, it was discovered that Guy N. had scored one more point than Tom or Jerry, with a total of 26, therefore scoring the top score in the X-tended long-range match.

The bench rest rifle silhouette (formerly known as “Mouse Gun”) match is held on the second Sunday of each month.

For those of you that are wondering what we do...

For the Standard long range competition:

We take a scoped .22 rifle that has plenty of elevation adjustment and shoots long rifle ammo (**no stingers or hyper velocity**) and we shoot at 1/5 scale targets, whereas the chickens are set a 60 meters and are roughly 2”x2” in size. The pigs which are roughly 3”x4” are set at 100 meters, the turkeys, roughly 3”x5” tall are set at 150, and the rams 6”x4” are at 200 meters.

Relays consist of 10 chickens at 60 meters, 10 pigs at 100 meters, 10 turkeys at 150 meters, and 10 rams at 200 meters.

For the Xtended long range competition:

We shoot chickens at 150 yds. pigs at 200 yds., turkeys at 290 yds., and rams at 325 yds. The size of these targets are 3/8 scale much bigger than the standard 1/5 scale targets, but further away.

In order to shoot either long range match:

All you need is a sand bag, maybe a bipod, or perhaps a fancy bench rest rig, it doesn't matter as any type of rest is allowed. At the onset of each 15 minute relay, there are unlimited “sighters” at the beginning sighters being shots that are fired at a 8”x11” steel plate set at the same distance at each of the targets. When you are pretty sure that your rifle is sighted in good enough for that bay of targets, the “sighters” stop and you shoot 10 shots in left to right order in what is remaining of the 15 minute time allotment for score. This all done while sitting at a bench. It is a relaxed atmosphere and a ton of fun! A total of 40 rounds are needed for a match plus “sighters”.

Setup starts at 7:30 am. We will have a sight in/practice period starting after set up if possible, and will start the match promptly at 8:00am.

I encourage anyone with a .22 rifle to come out and give this a try! Most folks that have are now hooked. If you have any questions, please call or text Tom 505-350-4026

Please note, on the 2nd Sunday of each month when this match is held on the East range, the F-Class range and the Precision Tactical range is closed for the duration of this event.
