See you there!

July 16, 2026 Zia Meeting Minutes

The Zia Rifle and Pistol Club monthly board meeting was called to order at 7:00 p.m. on July 16, 2026, at Bear Canyon Senior Center, with Club Secretary Chris Garrett presiding. A quorum of the BOD was achieved with 13 of 22 board members attending.

Item I - Approval of Agenda

The meeting Agenda was approved with one addition (Jerry Candelaria: discuss a safety rule change).

The June meeting Minutes were approved with no changes.

Item II - Treasurer's report

Sharon Foreman presented the Treasurer's Report. She covered the current Activity budget balances and presented the Statement of Activity for the second quarter of 2026. The Treasurer's report was approved.

Item III Legislative Action Committee Report

Nate Eskey gave a legislative update, letting the board know about two recent pro 2A U.S. Supreme Court actions. First, SCOTUS decided in the favor of 2A in Wolford (the Hawaii 'vampire' law). Secondly, the Court agreed to hear a combined case dealing with AR-15 bans in their next term, which is likely to decide in favor of the 2A.

Item IV - Old Business

Chris Garrett gave an update on the range house exterior painting project. Casey and Steve Akard completed repairs to the exterior trim and siding, and Mike's will be at the range to wash, scrape, and paint the building on Monday August 17th.

Item V - New Business

Toma Shaver brought up two of our Juniors who gave a terrific report on their trip to 4H Nationals in Nebraska. Our juniors did very well, and Zia is super proud of their accomplishments! They thanked the Club for our continued support and expressed how great the trip was.

Jay Sullivan discussed some berm work that would benefit the West benchrest range. He will draw up a plan and talk to Caleb (who recently completed other dirt work at the range) to get a quote to bring to a future board meeting for approval. Jay also discussed a plan to modify the tunnel to enable a removable, self-lit, target board at the 50-yard point. We discussed the plan at length, covering multiple safety aspects that were all resolved. Jay is not asking for any funds just access to the leftover bags of concrete. A motion was made to allow the modification, seconded, and PASSED.

Pat Mileschosky discussed a beneficial improvement to have concrete walkways at the plinking ranges. Once a plan has been made and quotes obtained, we can decide at a later board meeting.

Jerry Candelaria led an enthusiastic discussion of a particular safety rule in the Member Guidebook that some members think is unsafe. The rule allows uncased and “obviously safe” firearms to be carried from a vehicle to a hot line. The rule was discussed at length, and Toma, Jerry, Tom, and Nate will craft an amended rule to circulate amongst the board for consideration at a future meeting.

Item VI - Adjourn

After discussing all the items on the agenda, the meeting was adjourned at 7:49 p.m. The next BOD meeting is scheduled for 7:00 p.m. on August 20, 2026 at the Bear Canyon Senior Center at 4645 Pitt St. NE.

2026 Board of Directors Meeting Schedule

All meetings are held at the Bear Canyon Senior Center, and begin at 7:00 p.m. All Zia members are welcome to attend. If there is an issue you would like to bring up to the Board, please contact Secretary, Chris Garrett a week prior to the meeting so that you may be put on the agenda.

And In Other News...

The board is in the process of doing some IT upgrades on the property. Starlink has been installed at the clubhouse - it is available to members who are close by. The password is **ziarpewifi**.

Action Berm 4, a new multi-use berm located directly west of the plinking berms, is now open. The rules for this berm are the same as for the other Action Berms. Until the elements further pack the sand, it is possible you may find areas of soft sand within the berm. Please proceed accordingly and enjoy the expansion!

You Can Do This...

Anyone currently serving on the board, including officers, Members at Large, and Activity Chairpersons, are subject to reelection every year. Balloting will be done in accordance with section V6e of the club bylaws, and we encourage you to review that section of the bylaws if you are interested in the process. If you or someone you know is interested in serving on the Board, please reach out to Nate Eskey at mal_nate@ziarifleandpistolclub.com. This club only stays operational based on the hard work of volunteers - as a member, you're encouraged to get involved!

Member Spotlight Henno Van Arkle

1. *How long have you been a Zia member?*

I joined Zia about a year ago.

2. *What made you want to join a shooting club/Zia?*

I really wanted to find a place where I could train for USPSA matches. The action pistol berms are perfect for setting up stages, drawing from a holster, having multiple targets. Some ranges are really limited in the type of training you can do there, it's really nice that Zia allows people to be a little more self-sufficient.

3. *When did you start shooting?*

I'm originally from the Netherlands so I didn't have a lot of opportunities to shoot growing up. After moving to the US I was lucky enough to make some friends that would take me shooting and got to experience a wide range of firearms, from milsurp to custom 1911s to AR-15s and all type of handguns.

I had always wanted to try competitive shooting so finally last year I started going to some matches and I've been really enjoying those. Happy to report getting better is only taking triple the amount of time, money, and effort I had originally estimated.

4. *What do you like the most about Zia?*

It's a fantastic range that offers pretty much every type of shooting one could wish for!

5. *Which activities do you participate in at Zia?*

So far I haven't made it out to any of the events yet.

6. *Which of your guns do you like shooting most?*

Right now, the Kimber 2k11 is by far my favorite gun. First 2011 but it won't be the last one. I have large hands so it's a great fit, the trigger is unbeatable, and it's a platform with all kinds of customization options. Performance aside, being able to tweak the ergonomics has been a big improvement for my shooting.

7. *What are your thoughts on things the club should do in the future?*

I think the longevity of the club shows folks have been doing a great job so far. Maybe it would be nice to have some social media presence to get a better idea of what the events are like.

8. *Who do you shoot with most?*

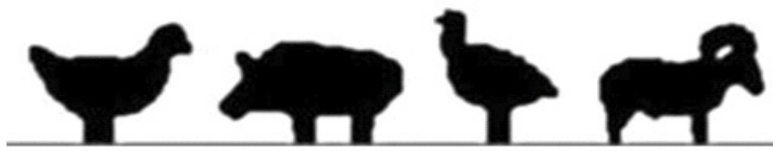

I like to shoot really early in the morning or during office hours, so mostly I shoot by myself.

9. *If you could get a shooting lesson from anyone, who would it be and why?*

I'd love to take a class from Éric Grauffel. More specifically I'd like to, be good enough that it would make sense for me to take a class from Éric Grauffel.

10. *What's something interesting about you that's completely unrelated to shooting?*

My first career was as a yoga and meditation teacher. These days I work in cybersecurity and get paid to hack into billion-dollar companies. I'll end the questionnaire with some helpful advice: nothing makes my job easier than people re-using the same password over and over. Once it gets leaked and cracked somewhere it's often directly linked to your email, so please rotate those passwords and use a password manager. And turn on multi-factor authentication for anything that manages your money or sensitive info!

Class winners left to right: Jerry C., Gary B., Casey A., John L., Rachel T.

Results of the Small-Bore Rifle Silhouette Match August 2, 2026

What is up with all this hot weather!!? With that in mind we started our match promptly at 9:00am and finished by 10:30am. We didn't mess around! We had 2 full relays and scores were relatively high. Many competitors got 5-in-a-row pins with Casey A. winning 5-in-a-row chicken pin in the 1/5 size and Bill S. taking a 5-in-a-row turkey pin in the 1/5 size. Well done gentlemen! Many thanks to all our group for continually helping with the set up and knock-down of the match. It is greatly appreciated.

Highlighted scores indicate class winners.

Please note the 5 and 10 in a row pin winners as indicated in the results tables.

The matrix for this class structure is:

Master 34 40
AAA 28 33
AA 21 27
A 15 20
B 0 14

This class structure has no bearing on any classifications or qualifications outside of this specific match. The purpose is to allow everyone a fair chance at competition and provide a structure for advancement. The way you advance to the next level is to shoot 3 subsequent scores within the higher range(s). New shooters will shoot “unclassified” and once a score is recorded, that will be the class in which they will shoot until higher scores move them “up”.

Small Bore Silhouette shooting is one of the most challenging sports for individual marksmanship. Many great shooting competitions offer challenging shots at long range from a bench or other supported position. All our shooting is done from a standing position swaying in whatever breeze there happens to be. We shoot 10 chickens at 40 yards, 10 pigs at 60 yards, 10 turkeys at 77 yards, and 10 rams at 100 yards. A total of 40 rounds are needed for a match plus sight in rounds.

We shoot with .22 rim fire rifles with scopes or open sights. Any standard velocity or high velocity .22 short, long, or long rifle ammo is permitted but the extra hot rounds such as the STINGER or VIPER rounds and magnums are prohibited.

The following is information taken from the NRA Silhouette Rifle Rule book and explains the match time sequencing:

Time is not checked on each shot but is computed on the indicated allowance for each five-shot string. The Range Officer may terminate any relay before completion of the full-time allowance, if all competitors in that relay have completed firing.

Time Allowances:

Ready Time - Fifteen seconds will be allowed after the command **READY** is given before the command **FIRE**.

Two- and one-half minutes will be allowed to fire one shot on each target of a bank of five targets. Targets are shot in sequential order from left to right.

Alibis - 30 seconds will be allowed for each unfired round of the series in which the alibi is allowed.

Shoot-offs - 30 seconds will be allowed for each shot fired in a shoot off of ties.

A minimum of 30 seconds will be allowed between the commands CEASE FIRE and READY.

The small-bore rifle silhouette match is held on the first Sunday of each month.

Setup starts at 8:00am. We will have a sight in/practice period starting after set-up and will start the match promptly at 9:00am. This event is open to any Zia member/guest, and all are welcome. Juniors are encouraged to try this fun and challenging shooting sport.

The adjacent bench rest/plinking range to the immediate West of the Small-Bore Rifle Silhouette Range will be closed for the duration of our matches. This will allow us to provide participants with a higher level of safety.

For additional information contact Sharon Foreman, email: treasurer@ziarifleandpistolclub.com

The bench rest rifle silhouette (formerly known as “Mouse Gun”) match is held on the second Sunday of each month.

For those of you that are wondering what we do...

For the Standard long-range competition:

We take a scoped .22 rifle that has plenty of elevation adjustment and shoots long rifle ammo (**no stingers or hyper velocity**) and we shoot at 1/5 scale targets, whereas the chickens are set at 60 meters and are roughly 2”x2” in size. The pigs which are roughly 3”x4” are set at 100 meters, the turkeys, roughly 3”x5” tall are set at 150, and the rams 6”x4” are at 200 meters.

Relays consist of 10 chickens at 60 meters, 10 pigs at 100 meters, 10 turkeys at 150 meters, and 10 rams at 200 meters.

For the X-tended long-range competition:

We shoot chickens at 150 yds. pigs at 200 yds., turkeys at 290 yds., and rams at 325 yds. The size of these targets is 3/8 scale much bigger than the standard 1/5 scale targets, but further away.

To shoot either long range match:

All you need is a sandbag, maybe a bipod, or perhaps a fancy bench rest rig, it doesn't matter as any type of rest is allowed. Following a 15 second “ready” each 10-minute relay allows for unlimited “sighters” at the beginning sighters being shots that are fired at a 8”x11” steel plate set at the same distance at each of the targets. When you are pretty sure that your rifle is sighted in good enough for that bay of targets, the “sighters” stop and you shoot 10 shots in left to right order in what is remaining of the 10-minute time allotment for score. This is all done while sitting at a bench. It is a relaxed atmosphere and a ton of fun! A total of 40 rounds is needed for a match plus “sighters”.

Economy Class: For both Standard and X-tended long-range competition:

For those wishing to use American made bulk type ammo at a lesser cost than imported premium ammo. This allows shooters to use less expensive ammo and compete with like-minded competitors.

Open Class: For both Standard and X-tended long-range competition:

For those wishing to use premium ammo the Open Class is available. There is no limit to quality, cost or brand of ammo to use.

Setup starts at 7:30 am. We will have a sight in/practice period starting after set up if possible and will start the match promptly at 8:00am.

I encourage anyone with a .22 rifle to come out and give this a try! Most folks that have are now hooked. If you have any questions, please call or text Tom 505-350-4026

Please note, on the 2nd Sunday of each month when this match is held on the East range, the F-Class range and the Precision Tactical range is closed for the duration of this event.
